**TO ALL OUR CLIENTS**

**1) INTRODUCTION OF NEW COMPUTER SYSTEM**

From 18 August 1999 Scame will move to SAP R3, a new computer system with considerable advantages - including accurate consignment, more efficient production and client personalisation. There could be some initial starting up problems due to this system change and please excuse us if your company experiences some difficulties as a result.

**2) CONSIGNMENTS**

During this changeover period to the new system no consignments will be carried out from 29 July to 24 August 1999.

**3) SUMMER HOLIDAYS**

The export office will be closed from 31 July to 22 August - during the first week of August there will be somebody to respond to calls.

**4) END OF LINE PRODUCTS**

The following articles will no longer be available: **590.XMM30 - 590.XMC30**

**5) NEW CATALOGUE**

The new catalogue will be ready in September. It has an A5 format and is in English, Spanish and Italian. The weight of the catalogue has been reduced by 50% - making transportation much easier.

Thank you for your attention. Our warm regards.
