

TO ALL OUR CUSTOMERS

1. NEW PRODUCT: STANDARD EVOLUTION SERIES BS 15A SOCKET ACCESSORY

The offer for EVOLUTION Series components has been extended. A new insert has been designed: the standard 15A BS socket (BS546). The new socket takes 2 gang and is perfectly modular to all EVOLUTION Series, UNIBOX Series boxes and 70x87 flap cover IP55 (for household sockets mounted on BLOCK and DOMINO Series SCAME enclosures).

The insert socket is coded according to the 3 colour-models: white, grey and anthracite.

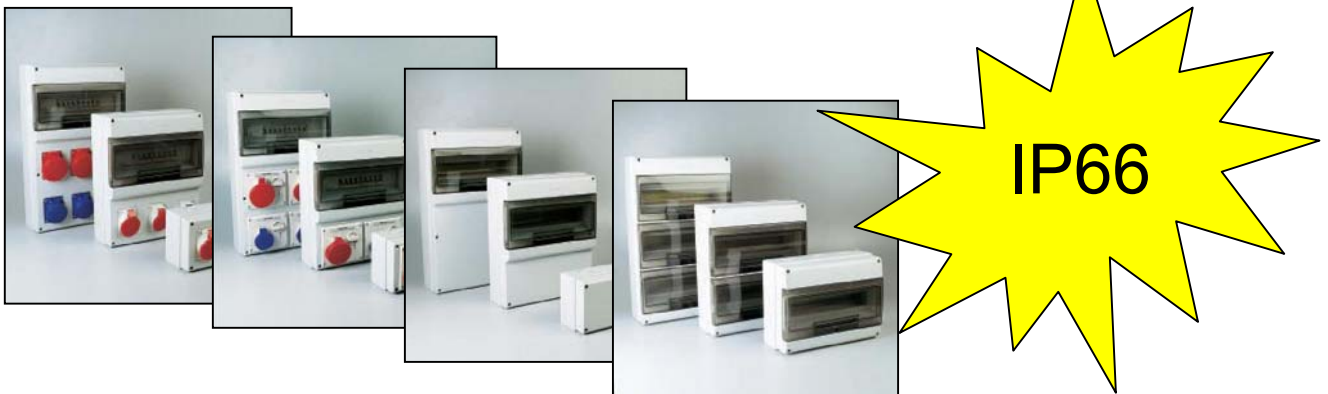

Description	Catalogue Number
Socket BS 2P+T 15A 250V~ - anthracite	101.6414
Socket BS 2P+T 15A 250V~ - white	101.6414.B
Socket BS 2P+T 15A 250V~ - grey	101.6414.G

2. NEWS: THE DEGREE OF PROTECTION OF DOMINO SERIES PRODUCTS HAS BEEN INCREASED FROM IP55 TO IP66

The degree of protection of DOMINO Series electric panels and central boards has been changed. The degree protection changes from IP55 to IP66. Ranges of products involved in this change are as follows: **670**, **671**, **672** and **674**.

Warning: catalogue numbers are unchanged.

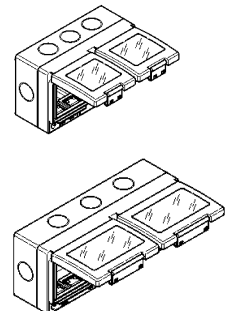

3. NEW PRODUCT: EXTENSION OF UNIBOX SERIES RANGE

The UNIBOX Series for enclosures is extended. New outdoor enclosures are now available for IP55 2+2 and 3+3 gang. Technical features are in line with the remaining UNIBOX Series products.

The following new enclosures are coded.

Description	Catalogue Number
Empty enclosure IP55 – 2+2 gang	136.5124
Empty enclosure IP55 – 3+3 gang	136.5126

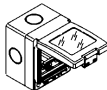

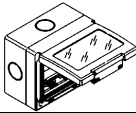

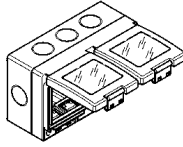

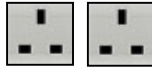

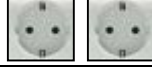

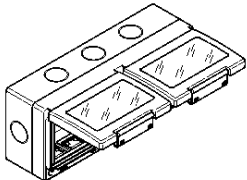

The info brochure is only available in English, in PDF format, at the following web page:

5. PRODUCT CHANGE: ADAPTORS AND BLOCK SERIES HAVE A NEW LOOK

BLOCK Series and ADATTATORI (Adaptors) Series have a new look.

This change in the look refers to plates: lines are removed and the surface is bombé.

This change will involve the following products:

- catalogue number **632.1500-000** BLOCK1 with no. 1 70x87mm flange pre-opening
- catalogue number **632.1510-000** BLOCK1 with no pre-opening
- catalogue number **632.3500-000** BLOCK3 with no. 3 70x87mm flange pre-openings
- catalogue number **632.3510-000** BLOCK3 with no pre-opening
- catalogue number **632.4500-000** BLOCK4 with no. 3 70x87mm flange pre-openings
- catalogue number **632.4510-000** BLOCK4 with no pre-opening
- catalogue number **623.3500-000** portable or hanging ADAPTOR with no. 3 70x87mm flange pre-opening
- catalogue number **625.3500-000** turret ADAPTOR with no. 3 70x87mm flange pre-opening

All cabled versions will accordingly change in their look as well.

Technical features of products keep unchanged.

Warning: catalogue numbers are unchanged.

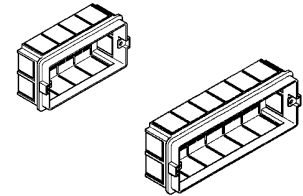

6. PRODUCTS OUT OF PRODUCTION: WBOX SERIES 4 - 6 MODULES

WBOX Series "Wall-recessed Boxes" products are not manufactured any longer in the **4 and 6 gang measures**. Such products will be removed from catalogue and are being sold out. No other item is going to replace them.

Description	Catalogue Number
4 module wall-recessed box	875.4304
6 module wall-recessed box	875.4306

It is understood that the manufacture of the remaining WBOX Series products still continues.

7. INFO ON THE UNIVEL TRADEMARK

Our customers are reminded that UNIVEL is a trademark by SCAME to all intents and purposes. UNIVEL System identifies solutions that SCAME offers for the application of surface and wall-recessed household accessories. EVOLUTION, BASIC and UNIBOX ranges are integral part of such System.
