

TO ALL OUR CUSTOMERS

1. NEWS: NEW SERIES 570 SOCKETS – STANDARD P30, GERMAN STANDARD AND MULTI-STANDARD SOCKETS

New sockets have been produced to complete the domestic Series 570 in order to better satisfy a wide variety of installation needs. This series now includes new Italian standard P30, German standard and multi-standard socket modules.

New catalogue numbers have been created as follows:

Socket	Description		
	Type	Flange	Catalogue N.
16A 2P+E – Multi-standard 16A	flush mounting	70x87	570.4051
	surface mounting, PG entrance	70x87	570.4151
	surface mounting, metric entrance	70x87	570.M4151
16A 2P+E – German standard ⁽¹⁾	flush mounting	50x60	570.2061
	flush mounting	70x87	570.4061
	surface mounting, PG entrance	70x87	570.4161
	surface mounting, metric entrance	70x87	570.M4161
2P+E – Italian standard P30	flush mounting	50x60	570.2081
	flush mounting	70x87	570.4081
	surface mounting, PG entrance	70x87	570.4181
	surface mounting, metric entrance	70x87	570.M4181

Note (1) Product already existing and coded; it is completely renewed, but the catalogue numbers remain unchanged. The German standard sockets have non-shuttered contact tubes and are not intended for the Italian market.

2. NEWS: NEW STANDARD P30, GERMAN STANDARD AND MULTI-STANDARD MOBILE SOCKETS

New Italian standard P30, German standard and multi-standard mobile sockets have been produced.

New catalogue numbers have been created as follows:

Description	Colour	Catalogue N.
16A 2P+E – Italian standard P30 mobile socket	White	130.2084
	Black	130.2084/N
16A 2P+E – German standard mobile socket ⁽¹⁾	White	130.2083
	Black	130.2083/N
16A 2P+E – Multi-standard mobile socket	White	130.2085
	Black	130.2085/N

Note (1) The German standard sockets have non-shuttered contact tubes and are not intended for the Italian market.

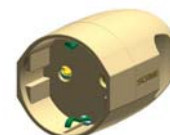

The main features of these products are:

- bifold monobloc enclosure;
- terminals with screws oriented from the same side;
- captive enclosure screws;
- all the screws (cable stays, terminals, enclosure) are philips type screws.

3. PRODUCTS OUT OF PRODUCTION: GERMAN STANDARD MOBILE SOCKETS

The realization of the new German standard mobile socket, catalogue n. 130.2083, has led to the replacement of the corresponding existing products that are now out of production.

Catalogue number	Description	Replaced by
130.2082	White German st. mobile socket	130.2083
130.2082.N	Black German st. mobile socket	130.2083/N

4. NEWS: AZZURRA SERIES, NEW ITALIAN STANDARD PRODUCTS FOR DOMESTIC USE

SCAME proposes, with its AZZURRA Series, a new range of Italian standard products for domestic use, entirely produced in Italy and IMQ approved. Quality and design at a totally competitive price.

The following new catalogue numbers have been created:

8. NEWS: NEW P30, GERMAN STANDARD AND MULTI-STANDARD SOCKETS FOR EVOLUTION SERIES

New products have been produced to complete the domestic EVOLUTION Series in order to better satisfy a wide variety of installation needs. This series now includes new Italian standard P30, German standard and multi-standard socket modules. The new sockets occupy 2 modules and are perfectly modular with the entire EVOLUTION Series, the UNIBOX Series containers and the 70x87mm watertight cover-flange 570.5052 IP55 for fastening the domestic sockets to SCAME BLOCK Series and DOMINO Series enclosures. The new products are available in 4 colour variants: anthracite, white, grey and red.

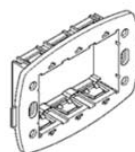

The following new catalogue numbers have been created:

16A 2P+E – Multi-standard	Anthracite	101.6405
	White	101.6405.B
	Grey	101.6405.G
	Red	101.6405.R

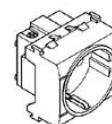

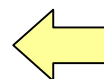

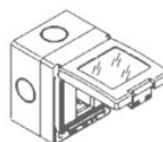

Note (1) Product already existing and coded; it is completely renewed, but the catalogue numbers remain unchanged. The German standard sockets have non-shuttered contact tubes and are not intended for the Italian market.

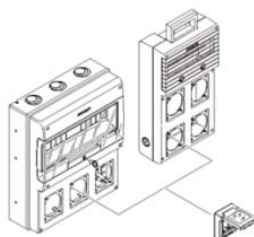

EVOLUTION Series

UNIBOX Series

BLOCK and DOMINO Series

Catalogue N. 570.5052

9. NEWS: NEW EVOLUTION SERIES PRODUCTS: NAME PLATE, FUSE HOLDER, INDICATOR LIGHT AND MT/DIFF

New products have been produced to complete the domestic EVOLUTION Series in order to better satisfy a wide variety of installation needs. New name plate, fuse holder, indicator light, MT/DIFF and MT modules have been realized. These products are all perfectly modular with the entire EVOLUTION Series, the UNIBOX Series containers and the 70x87mm watertight cover-flange 570.5052 IP55 for fastening the modules to SCAME BLOCK Series and DOMINO Series enclosures. The following new catalogue numbers have thus been created:

Module	Description	Colour	Catalogue N.
Lighted name plate with push button function (lamp not included)		Universal	101.6204
SRCBO 6A, I _{dn} 10mA		Anthracite	101.6341.06
		White	101.6341.06B
		Grey	101.6341.06G
SRCBO 10A, I _{dn} 10mA		Anthracite	101.6341.10
		White	101.6341.10B
		Grey	101.6341.10G
SRCBO 16A, I _{dn} 10mA		Anthracite	101.6341
		White	101.6341.16B
		Grey	101.6341.16G
MCB 6A		Anthracite	101.6340.06
		White	101.6340.06B
		Grey	101.6340.06G
Fuse holder for fuses 6,3x32 - 250V - Max 10A		Anthracite	101.6345
		White	101.6345.10B
		Grey	101.6345.10G
Neutral colour indicator light ⁽¹⁾		Anthracite	101.6541.1
		White	101.6541.1B
		Grey	101.6541.1G
Red colour indicator light ⁽¹⁾		Anthracite	101.6541.2
		White	101.6541.2B
		Grey	101.6541.2G
Green colour indicator light ⁽¹⁾		Anthracite	101.6541.3
		White	101.6541.3B
		Grey	101.6541.3G

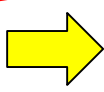

Note (1) Product already existing and coded; it is completely renewed, but the catalogue numbers remain unchanged.

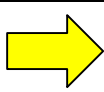

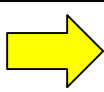

10. PRODUCTS OUT OF PRODUCTION: EVOLUTION SERIES NAME PLATES, FAN-COIL THERMOSTATS, PROXIMITY SENSORS AND ALARMS

The realization of the new universal name plate of the EVOLUTION SERIES, catalogue n. 101.6204, has led to the replacement of the corresponding existing products, without pushbutton function, that are now out of production.

Catalogue number	Description	Replaced by	Description
101.6202	Anthracite name plate	101.6204	Universal name plate
101.6202.B	White name plate	101.6204	Universal name plate
101.6202.G	Grey name plate	101.6204	Universal name plate
			

The fan-coil thermostats, proximity sensors and alarms are also now out of production.

These products are not replaced by any other product.

Catalogue number	Description	Replaced by	Description
101.6902	anthracite	...none...	-
101.6902.B	white	...none...	-

101.6950.G	alarm - grey	...none...	-

11. PRODUCTS OUT OF PRODUCTION: EVOLUTION SERIES PLATES

Within the reorganization of the EVOLUTION Series, some products have been eliminated as indicated below.

The yellow velvet plates are now out of production, but the normal yellow plates remain in production as before.
