

TO SCAME CLIENTS

List of new available products

(Refer to Commercial Dept for item codes and prices)

OPTIMA Series – OMNIA Series – ADVANCE2 Series

- New materials and colours of plugs and sockets OPTIMA Series 16A and 32A IP44 and IP66/67.
- New materials and colours of flush mounting, surface mounting and interlocked sockets IP66/67

The changing of the material for OPTIMA Series It is the results of the continuous research and studying of new technology and new polymeric material, which increase the quality and the characteristics of Scame products. The new materials used are completely Halogen free and in compliance with Rhos directive. In addition new materials have mechanical characteristics even better than the standard already very high of the previous version.

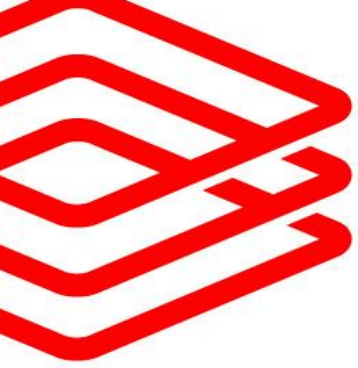

Also the aesthetic will be different, with a more modern aspect and more industrial colors, more suitable for industrial and/or heavy duty environments.

Furthermore also the color of flush and surface mounting sockets IP66/67 and OMNIA/ADVANCE2 interlocked sockets IP66/67 will be slightly changed, the caps will be of the same color of the flange and the body.

Finally for flush mounting appliance inlets version the flange and the contact carrier will be of the same dark grey of plugs and connectors. Following the preview of the new products.

PLUGS AND CONNECTORS IP44 AND IP66/67

FLUSH AND SURFACE MOUNTING SOCKETS IP66/67

FLUSH MOUNTING APPLIANCE INLETS

INTERLOCKED SOCKETS
